

SHOUT ABOUT YOUR VOLUNTEERING

At Indigo Planning we give our time to our community by helping various clubs, schools and groups in the local community.

We organised a Wimbledon office Corporate Social Responsibility (CSR) day which was a great success. We had a really good turnout with 16 volunteers making it down to Kingstonian Youth FC's ground for a day of DIY. The day involved painting of the pavilion and changing rooms and some 'ground force style' gardening. We have also sponsored the clubs football kit.

We do it because our CSR plan is a key component in our overall business plan and there is no better place to start than in the local community.

The majority of our staff in our Wimbledon office live in the surrounding areas and see first hand evidence of the contributions we make to the locality.

On the whole, our involvement in the community demonstrates that we are not just a corporate business shut away from the world. We take every opportunity we can to interact with the community and establish a relationship with the people of Merton.

Our activities are key in promoting staff morale and have helped us to attract clients who place value on being environmentally aware and considerate. Our CSR initiatives show that we are trustworthy, reliable and considerate. The benefits of which are immeasurable!

I Volunteer - Why Wouldn't You?
