

SHOUT ABOUT YOUR VOLUNTEERING

Hi I'm Mervin and I'm a retired Electrical Engineer. I've lived in the borough of Merton for a number of years and am an active volunteer.

People say I'm a familiar face in the cul-de-sac where I live as I often pop round to check on my elderly neighbours; undertaking small tasks such as gardening and shopping and generally checking that they are okay.

When I heard about the Good Neighbours project, I joined up immediately. The project is just an extension of what I have been doing for years. I love meeting new people and feel it is important that we look out for each other, that's what being a neighbour is about.

I hope that I will be able to put my extensive practical skills, DIY and gardening to use and I'm looking forward to working alongside and making new friends with my fellow Good Neighbour Volunteers.

I Volunteer - Why Wouldn't You?
